Subject: Question About My Last Visit
Priority: 3
Date: 07/23/2016
 We talked about my surgery but I have a few more questions that I would like to have your help with.
 These questions are:

1. Can I travel after my surgery? If so, how long after the surgery?
2. We talked about recovery time but I forgot to ask how long before I can walk for exercise?

Thanks!
